EVERY CHILD CAN
LEARN AND HAS
THE RIGHT
TO BE TAUGHT
IN THE WAY
HE OR SHE
LEARNS BEST.

Dear Parents,

We are so very excited to welcome you to our 52nd year and are honored to have the opportunity to teach your children. We thank you for choosing us and for trusting us to provide the very best that education has to offer. Our entire team of educators is here to serve our children and you, our parents.

The Briarwood School, founded in 1967 by Dave and Yvonne Streit, was built on a solid foundation steeped in standards of excellence and the highest expectations of all. Born out of need and with humble beginnings, Briarwood is now known around the world for our successes with children who struggle to learn.

We give thanks every day to our Founders for the decision they made – over 52 years ago - to build a school! Thanks to their faith and their beliefs, that one decision has changed the lives of thousands of children and families.

We continue to uphold, embrace and preserve our **Mission: We empower students with diagnosed learning differences or intellectual/ developmental disorders to reach their maximum potential through diagnostic-prescriptive instruction in a structured academic environment.** Woven into our Mission are also the responsibilities we have to take us into the 21st Century.

Our 52nd year will also be my 20th year to serve as Head of School. I remain humbled and honored to lead this stellar school and to be a part of our rich history. I treasure every minute that I have to change a life, to give an encouraging word, to applaud a child for a job well done.

As always, I ask for your support as we embark on another year of countless opportunities. Know that my door is always open – I welcome you any time.

Most sincerely,

Carole C. Wills
Head of School
